FROM: Denice Cora, Administrator 
School Business Advisory Services

SUBJECT: **Forty-five Day Budget Revision Requirement**

The 2017-18 California state budget was signed by the governor on June 27, which means that Education Code Section 42127(i)(4) is now in effect. The code section reads as follows:

Not later than 45 days after the governor signs the annual Budget Act, the school district shall make available for public review any revisions in revenues and expenditures that it has made to its budget to reflect the funding made available by that Budget Act.

Forty-five days after the governor signed the budget will be Monday, Aug. 4. If you are making budget revisions during this time frame, items for consideration are:

- Extending the District of Choice program by six years (decrease from 75% to 25% per ADA) with new accountability measures
- \$147 per ADA in one-time discretionary funds which will be received this fiscal year
- Any other local changes that materially impact the budget

The Education Code section does not require that the budget be readopted. However, the most efficient manner in which to make these revisions available to the public for its review is to place them on a governing board meeting agenda as a discussion item to alert your board of any changes to the recently adopted budget. Please send your District Financial Advisor the documents you present to your board.

I hope this has been helpful. Please call either myself or the district financial advisors if you have any further questions.
